REMARKS**Status of Claims**

Claims 1-21 are pending in the instant application. Claims 1-21 stand rejected. By this amendments claims 1, 11, 18 and 20 have been amended (see description of amendments below). Claim 8 has been amended to correct a typographical error. The term "olyethylene" has been deleted and replaced with the term, "polyethylene". No new matter has been added and support for this amendment can be found at page 3, paragraph 7 of the specification.

Favorable reconsideration is respectfully requested in light of the following remarks.

Rejection of Claims 1-21 under 35 USC §103(a)

Claims 1-9, 11, and 13-20 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Kirchmeyer et al., (US 5,811,480).

In the Advisory Action dated December 1, 2005, the Office indicated that the proposed language raises new issues because the language "greater than about 0-3" raises possible 112 concerns, wherein the language may not necessarily include "0".

Applicants have amended claims 1, 11, 18 and 20 to clarify that the amount of polyether based polyurethane solution is present in an amount of "greater than 0 and up to 3 percent by weight". Claims 2-10, 12-17 and 21 ultimately depend from one of the newly amended claims and are deemed to be allowable.

Applicants respectfully submit that the proposed amendments remove the possible 112 issues and put the application in condition for allowance. Applicants respectfully request that the amendments be entered.

Further, Applicants respectfully submit that the claims clearly define over Kirchmeyer et al. and that the rejection of claims 1-9, 11 and 13-20 be withdrawn.
